I have a 1988 Johnson 88 SPL on my 88 Montauk. I just started wondering what the difference is between an 88 SPL and a 90. Is it really 88 HP or is 90? Is the only difference that it has no VRO? Its a killer engine, very reliable. Also, does anyone know if the plugs are gapped at .040 or .030? Thanks for the info. Bob: bsmotril
