The Art of Tapping. By Natalie Porter - February 19, 2018. 10623 . Just like the art acupuncture and acupressure – Tapping is techniques that utilizes the body’s energy meridian points. You can stimulate these meridian points by tapping on them with your fingertips and retrieving your body’s own energy and healing power.

### The Art of Tapping - Enlightened Consciousness

The term was first used by German psychiatrist Ernst Jentsch in his essay On the Psychology of the Uncanny, 1906.Jentsch describes the uncanny – in German ‘unheimlich’ (unhomely) – as something new and unknown that can often be seen as negative at first.

### The uncanny - Art Term | Tate

The freedom of my current process has allowed me to tap into lightness, darkness, and the uncanny without excess judgement or expectation. For each painting, I was uncertain of the destination until the final brushstroke. The discomfort of this uncertainty leads me on a journey that is both more difficult and more rewarding.

### The “Uncanny”1 - MIT

The uncanny is the psychological experience of something as strangely familiar, rather than simply mysterious. It may describe incidents where a familiar thing or event is encountered in an unsettling, eerie, or taboo context.. Ernst Jentsch set out the concept of the uncanny which Sigmund Freud elaborated on in his 1919 essay Das Unheimliche, which explores the eeriness of dolls and waxworks.

### Uncanny - Wikipedia

Influenced by the writings of psychologist Sigmund Freud, the literary, intellectual, and artistic movement called Surrealism sought a revolution against the constraints of the rational mind; and by extension, the rules of a society they saw as oppressive. Freud and other psychoanalysts used a variety of techniques to bring to the surface the subconscious thoughts of their patients.
