Boeing has delivered more than 80 of the mid-sized freighters to FedEx. Boeing continues to see strong market demand for 767 airplanes, which offer outstanding operational efficiency and payload configuration. Cargo operators around the world keep the global 767 Freighter fleet busy, flying the model an average of 10 hours a day.

### **Boeing: 767**

The 767 passenger fleet has reached a mature age. The aircraft has a base maintenance cycle of six years, and the majority of the active passenger fleet is in its third or higher base maintenance cycle. An examination of how the 767's base maintenance requirements increase with successive base check cycles is made here.
