### **Canon EOS 90D For Dummies Cheat Sheet - dummies**

Shooting modes fall into three categories: auto, scene, and P, S, A, and M modes. In auto and scene modes the camera controls shutter speed and aperture. P, S, A, and M modes are known as exposure modes and give photographers a choice as to which elements of exposure—aperture or shutter speed—they wish to control. □  
Mode P (Programmed Auto)
