City Street And Citizen The

The contemporary city is more than ever a space for the intense convergence of diverse individuals who shift in and out of its urban terrains. The city street is perhaps the most prosaic of the city's public parts, allowing us a view of the very ordinary practices of life and livelihoods. By attending to the expressions of conviviality and contestation, 'City, Street and Citizen' offers an alternative notion of 'multiculturalism' away from the ideological frame of nation, and away ...

City, Street and Citizen: The Measure of the Ordinary ...

The city street is perhaps the most prosaic of the city's public parts, allowing us a view of the very ordinary practices of life and livelihoods. By attending to the expressions of conviviality and contestation, 'City, Street and Citizen' offers an alternative notion of 'multiculturalism' away from the ideological frame of nation, and away from the moral imperative of community.

City, Street and Citizen | Taylor & Francis Group

The city street is the most taken-for-granted space in the social imagination. But as both backstage and foreground, social space and built environment, it is the premiere arena of the urban public realm where citizens are formed.

One of the latest arrivals in Routledge's Advances in Ethnography series is "City, Street and Citizen: The Measure of the Ordinary," based on urban ethnographer Suzanne Hall's years of research in South London.

Review: 'City, Street and Citizen'

Since 1998, the City has been working with an independent research organization to conduct an annual survey. Initially, the survey was conducted only by telephone. However, with an increasingly diverse population and the broad availability of mobile communication tools, the City now uses a multi-modal approach of landline, mobile phone, and ...

'City, Street and Citizen' focuses on the question of whether local life is significant for how individuals develop skills to live with urban change and cultural and ethnic diversity. To animate this question, Hall has turned to a city street and its dimensions of regularity and propinquity to explore interactions in the small shop spaces along the Walworth Road.

The city street is perhaps the most prosaic of the city's public parts, allowing us a view of the very ordinary practices of life and livelihoods. By attending to the expressions of conviviality and contestation, 'City, Street

and Citizen' offers an alternative notion of 'multiculturalism' away from the ideological frame of nation, and away from the moral imperative of community.

2012 06 12 City Street And Citizen - LSE Cities

The street is where citizens are public, where they develop the behavioural repertoires of commonality and difference, belonging and strangeness, attachment and disgust. Though citizens are presumed to have identities that are formed in nations and communities, the street is where these identities take tangible shape, sound, sight, and smell.

Sharon Zukin reviews Suzanne Hall's 'City, Street and ...

Smart city initiatives benefit cities and attract citizens - close to 60% of citizens believe smart cities equal sustainability and better services. Smart city programs should focus on key use cases - especially when it comes to utilities, transport and mobility, citizens are eager to use them and willing to pay more for them.
