Earthing puts out inflammation and quickly reduces inflammation-related pain! Earthing restores an essential electric connection to the Earth, lost over time because of the ways we humans live. Many people go through life with pain and weak health precisely because of this disconnection. When reconnected, people feel, sleep, and look better.

What is Earthing - Earthing Institute

A European study published in 2011 indicates that Earthing affects thyroid function. More research is clearly needed, but quite a few people on medication for underactive thyroid (hypothyroid) have told us they have been able to reduce their dosage of medication after starting Earthing.

New to Earthing? Read This - Earthing Institute

Earthing, also known as grounding, is the discovery that reconnecting to the Earth restores a timeless link to Nature that revitalizes the body, reduces pain and stress, and improves health, sleep, mood, and appearance. Reconnect and experience the healing benefits of Mother Earth.

Earthing Institute Home - Earthing Institute

You connect your Earthing product to the ground (earth) contact of a wall outlet or to a ground rod planted in the soil outside. All Earthing cords have a built-in 100 kilo-Ohms resistor providing protection in the unlikely case of an electric current flowing into the grounding wire such as when you touch a metallic object or appliance that is ...

Earthing Products - Earthing Institute

Earthing is a fast-growing movement based upon the discovery that connecting to the Earth's natural energy is essential for vibrant health. Connecting to the Earth is easy and can be done outdoors by walking barefoot on the Earth's natural surfaces or indoors with one of our Earthing products.
