Released on April 3, 2020, Tales from the Loop is the latest science fiction series produced by Amazon Studios for its Prime Video streaming service.

The ending of Tales from the Loop season 1 explained

Tales from the Loop was an unexpected treat. I hadn't heard anything about it before I started watching and I quickly grew to love it. The show explores some fairly rote science fiction concepts (mind transfer, robots, alternate realities, time manipulation, etc) but by writing them into a story with such well-realized, human and relatable characters it becomes clear that the leading idea of ...
