way that a text is organized.

Recognizing text structures helps student know what to expect next in the text. For example, if an author wrote a fact about one way that zebras and horses are different from each other, a student trained to notice text features might think "hey, this author might be using ...

## **Nonfiction Text Structures - The Classroom Key**

Introduction. The Text Structure Strategy (TSS) stems from research showing that the content of most texts is organized using a hierarchical structure. The information presented higher in the content structure of a text is connected to better recall than information presented lower in the content structure (Meyer, 1975).
